

AMENDMENTS TO THE ABSTRACT

Please substitute the following paragraph for the abstract now appearing in the currently filed specification:

A pelletization method of plant seed which includes the steps of mixing fertilizer, plant growth regulator, bactericide and insecticide with peatmoss, forming and drying the mixture, inserting a plant seed into the mixture and pressing and sealing the plant seed into the mixture to obtain a pellet containing the plant seed. The pellet containing the plant seed can be sowed on the surface of soil.
